

Ekspluatācijas temperatūra
Max. +20 °C
Blīvējums
NBR
Materiāls
Polypropylene (PP)
Darba spiediens
on request

Apraksts

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.
