

# K-XVM ZYL OR PP

Male connectors, parallel male thread with O-ring

Ekspluatācijas temperatūra  
Max. +20 °C  
Blīvējums  
NBR  
Materiāls  
Polypropylene (PP)  
Darba spiediens  
on request

## Apraksts

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.

## Norādīt
