

K-XVM ZYL OR PP

Male connectors, parallel male thread with O-ring

HANSA FLEX

OFICIĀLĀ LATVIJAS PĀRSTĀVNICĪBA

Ekspluatācijas temperatūra

Max. +20 °C

Blīvējums

NBR

Materiāls

Polypropylene (PP)

Darba spiediens

on request

Apraksts

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.
