

Pieteikums platība  
sūkšanas un atplūdes šļūtenēm  
Modelis  
Šarnīrskrūvju skava  
Standarts  
līdzīgi DIN 3017  
Materiāls  
Tērauds  
Virsmas aizsardzība  
galvaniskais pārklājums

## Produkts

| Apzīmējums  | Iespilēšanas diapazons (mm) | Lentes platums<br>mm |
|-------------|-----------------------------|----------------------|
| MRS 17-19   | 17 - 19                     | 18.0                 |
| MRS 20-22   | 20 - 22                     | 18.0                 |
| MRS 21-23   | 21 - 23                     | 18.0                 |
| MRS 23-25   | 23 - 25                     | 18.0                 |
| MRS 25-27   | 25 - 27                     | 18.0                 |
| MRS 26-28   | 26 - 28                     | 18.0                 |
| MRS 29-31   | 29 - 31                     | 18.0                 |
| MRS 32-35   | 32 - 35                     | 20.0                 |
| MRS 36-39   | 36 - 39                     | 20.0                 |
| MRS 40-43   | 40 - 43                     | 20.0                 |
| MRS 44-47   | 44 - 47                     | 22.0                 |
| MRS 48-51   | 48 - 51                     | 20.0                 |
| MRS 52-55   | 52 - 55                     | 22.0                 |
| MRS 56-59   | 56 - 59                     | 20.0                 |
| MRS 60-63   | 60 - 63                     | 20.0                 |
| MRS 64-67   | 64 - 67                     | 22.0                 |
| MRS 68-73   | 68 - 73                     | 24.0                 |
| MRS 74-79   | 74 - 79                     | 24.0                 |
| MRS 80-85   | 80 - 85                     | 24.0                 |
| MRS 86-91   | 86 - 91                     | 24.0                 |
| MRS 92-97   | 92 - 97                     | 24.0                 |
| MRS 98-103  | 98 - 103                    | 24.0                 |
| MRS 104-112 | 104 - 112                   | 24.0                 |
| MRS 113-121 | 113 - 121                   | 24.0                 |
| MRS 122-130 | 122 - 130                   | 25.0                 |
| MRS 131-139 | 131 - 139                   | 25.0                 |
| MRS 140-148 | 140 - 148                   | 25.0                 |
| MRS 149-161 | 149 - 161                   | 25.0                 |
| MRS 162-174 | 162 - 174                   | 25.0                 |
| MRS 175-187 | 175 - 187                   | 25.0                 |
| MRS 188-200 | 188 - 200                   | 25.0                 |
| MRS 201-213 | 201 - 213                   | 25.0                 |
| MRS 214-226 | 214 - 226                   | 25.0                 |
| MRS 227-239 | 227 - 239                   | 25.0                 |
| MRS 240-252 | 240 - 252                   | 25.0                 |
| MRS 253-265 | 253 - 265                   | 30.0                 |
| MRS 266-278 | 266 - 278                   | 30.0                 |
| MRS 279-291 | 279 - 291                   | 30.0                 |
| MRS 292-304 | 292 - 304                   | 30.0                 |
